

**DVS
STANDARD**

Manufacture & Supplier of

- Acid Pickling Tanks
- Chemical storage tanks
- Electroplating & Anodizing tanks
- Acid/Zinc Fume extraction scrubber system

THERMOPLASTIC TANKS

Material of Construction:

- PP/HDPE/PP+FRP/PVC/PVDF/PVDF+FRP/ECTFE

Use of industries

- Hot Dip Galvanizing industries
- Steel industries
- Pipe & Tube pickling industries
- Surface Treatment
- Electroplating industries
- Anodizing industries
- Wire & Strip industries
- Powder coating industries
- Battery manufacturing industries
- Textile Industries
- Phosphate coating plant

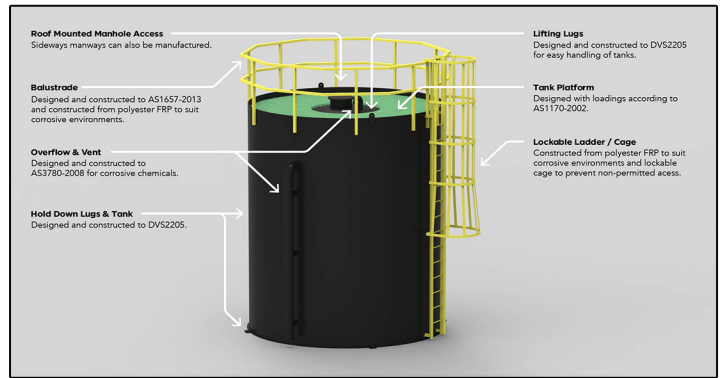

Design Features

- Design Life 20+Years
- 100% Leak Proof Joint
- Corrosion Free
- Modification & Repairing Available
- Easy to install

We serve our Customer right.

CHEMICAL STORAGE TANK

Liquid to store:

- Acids, Chemicals, water, Organic, inorganic, sludge, waxes, Hazardous Chemicals

HDPE SPIRAL TANK

PP STORAGE TANK

Material of construction	Available Shape	User Industries
HDPE	Vertical Storage Tank	Chemical Industries
Polypropylene	Horizontal	Steel Industries
PVC	Conical Bottom	ETP/water Treatment
PP+FRP	Sloppy Bottom	Food & Dairy Industries
PVC+FRP	Conical/Flat Top	Pharma Industries
PVDF	Custom Shape	Agro-Fertilizer industries
PVDF+FRP		

SETTLING TANK

Quality Creates on the inside

ACID FUME SCRUBBER SYSTEM

Scrubber:

- Use to neutralize HCL/ HF+HNO3/ SO2/ NOX/ CO2/ CO/ CH4 fumes
- Designed for ZERO discharge and acid neutralization
- Equipped with powerful, energy-efficient fans and high-quality scrubbing media
- Wet spray system to remove toxicity
